I AM against more utilities increases. We the people of SC funded the SCE&G Nuclear plant that went bankrupt. Dominion Energy came in purchased the Nuclear Site. We were told we would receive compensation for the failure of the Nuclear Site. I have yet to see any compensation for the failure of SCE&G + most people received a small amount anywhere from 10.00 to 40.00 dollars. We paid alot into the SCE&G Nuclear plant. I think that companies politicians should keep their word. People like myself that live on a fixed income are unable to continue to pay higher utilities. Our electric + gas bills are high enough. I use mine sparingly because I cannot afford such high prices for electric + gas. I hope the people making these decisions + allowing rate increases should take all in consideration + not allow Dominion to increase their rates.

Thank You
 Cynthia Jordan
